

1 SHOT INJECTIONS!!!

GLUTATHIONE

Master nutrient that assists in the detoxification of all the major organs in the body, largely in the liver. It is the bodies most productive, naturally occurring antioxidant.

Glutathione strengthens the immune system against all pathogens. It is the primary nutrient in detoxifying heavy metals, chemicals, herbicides, and pesticides.

-Good for people who are exhausted/tired. Gives energy to flush the pathways.

-Protects/repairs genetic damage

Available in Injection/IV/ or Tablet form. Injections, and IV are much faster to be absorbed and utilized by the body.

NAD

Nicotinamide Adenine Dinucleotide (NAD⁺) is a critical coenzyme found in every cell of the body. It plays a vital role in energy of metabolism, mitochondrial function, and cellular repair. Supplementation with NAD⁺ or its precursors has gained attention for its potential anti-aging, neuroprotective, and overall health-promoting effects.

-Supports brain health and cognitive function.

-Slows age-related cellular decline and promotes overall vitality.

-Assists in recovery from energy depletion and substance dependency.

LIPO-B

Lipo-B injections, often referred to as "lipotropic" injections, are a type of treatment used primarily to aid in weight loss and fat reduction. These injections are composed of a blend of compounds that are believed to help the body metabolize fat more efficiently, and kick start your weight loss!

Primary uses for Lipo-B-

- Fat metabolism & Weight Management
- Breaks down and mobilizes stored fat.
- Supports metabolic rate and energy utilization
 - Liver Detoxification
- Assists in processing and eliminating toxins
- Prevents fatty liver accumulation via lipotropic agents
 - Energy boost & Fatigue Support
- Supports mitochondrial function and ATP Generation
- Ideal for those with low energy, adrenal fatigue, or sluggish metabolism.
 - Athletic performance& Recovery
 - Mood, Brain, and Nervous System Support

Ingredients:

L-Carnitine,
L-Arginine,
Methionine, Inositol,
Choline, Vitamin B6,
Vitamin B5, Vitamin
B12
